

BEDDELEEM

— JB DESK

— JB DESK

The concept WORK is a vital item in an office environment. This term covers every form and way of working (working while standing, seated work, concentrated work, teamwork, (in) formal meetings, brief consultations, brainstorming,...).

A perfect office provides a blend of these WORK related forms. It's important to create an environment that employees experience as inspiring, surprising, stimulating and dynamic.

Beddeleem has developed several own products to meet these requirements, whereby quality and ergonomics are highly valued.

With the suitable WORK instruments Beddeleem creates you a varied, creative, communicative and innovative work environment.

JB DESK 04

The JB DESK 04 range is a fully electric SIT/STAND range and thus meets contemporary ergonomic demands.

The JB DESK 04 range offers single and double work stations with a 25 mm worktop.

The standard space between two worktops when choosing a double workstation is 90 mm.

JB DESK 05

The JB DESK 05-range offers the solution for the storage of an optimal number of tables in a small space.

JB DESK 05 is available as a single workstation with a 25 mm worktop, with or without a shield.

The release mechanism ensures a simple tilt of the table top by 90°.

The braked wheels make the movement easy.

The efficient sound-absorbing separation panel (α_w 0.60) improves the acoustics in your workspace. In addition, the desk divider also provides rest and privacy at individual workplaces.

This frameless panel offers an elegant and contemporary solution for your work environment. The colorful, beautifully finished, fabric panels have a mood-enhancing effect. Design with or without accent stripes.

The panel is easy to mount on a single or double desk.

Detail accent, thickness 30 mm Detail, thickness 28 mm
